Subject: Boston Drug Control Unit

Sgt. Richard Dahill is the Sgt in charge of DCU. He used to come up here as an evidence officer before being promoted to Sgt, so he will know what you are talking about regarding "found drugs". Today, for example, Boston brought in 5 samples that we are going to have to process as "cert only" samples.

His phone number is 617-343-6013.

Thanks,
Betsy
